Guys who flirt a lot are easy to fall for! They are usually funny, attentive and make you feel like your the only one in the room when you converse.

The problem is, he likes to make ALL women feel this way and he shows it. If other women always have his attention and your moping on the sidelines. He's not into you! him and he never initiates , this is a HUGE sign that he's not into you.

YOU ONLY HANG OUT WHEN IT WORKS FOR HIM

It's the weekend and once again, he's not available! Guys put effort into things they care about. If he can only spend time with you when it's convenient for HIM-he's not into you. At some point he should be able to compromise and sacrifice time to be with you. If you are always second on his list....get off his list and move on to someone who makes time for you sis!

DID YOUR GUY PASS
THE TEST? IS HE
INTO YOU?

WWW.KAYSTARKS.COM

This is the time for you to be HONEST sis. If a guy isn't into you, don't try and force a relationship! You deserve to be with someone who can't get enough of you, loves you, and respects every moment they get to be with you. It may be hard to wait for the right guy to steal your heart, but you're worth the wait!! Remember that you're not doing this alone, God loves being a part of this process and He wants you with someone who deserves you.
